

The Beiter SCOPE Ø39

The Beiter Scope Ø39 is a completely new designed Scope, adapted to the needs of Compound Archers, asking for features as:

- ⇒ a large field of view
- ⇒ more light
- ⇒ variable aiming options
- ⇒ an easy and individual centering of the Peep
- ⇒ an easy exchangeable level

The Beiter Scope Ø39 is equipped exclusively with a ZEISS K-LENS a convex/concave plastic lens. Beiter is the only manufacturer in Archery using original ZEISS lenses Made in Germany!

Beiter Scope Ø39, Black body with Green level.
Aiming Option: Scope Pin Red, Ø3,5mm (optional)

ZEISS K-LENSES are available with center hole diam. 1,5mm for the use with Scope Pins or without.
The ZEISS K-LENS is available with following dioptries (Magnification) :

- ⇒ +0,25 (~ 2 X)
- ⇒ +0,50 (~ 4 X)
- ⇒ +0,75 (~ 6 X)
- ⇒ +1,00 (~ 8 X)
- ⇒ +1,25 (~ 10 X)

SALES UNIT:

1 Scope Body, **Clear, Black or Red, RH or LH**, Thread #10-32, with installed K-Lens Ø39 mm **with or without hole**, Threading and O-Ring for Lens, **Level Ø7mm (Green or Red)**.

Included: 1 Frame Kit (4 pcs., 1ea. Ø39/Ø34, Ø39/Ø30, Ø39/Ø26, Ø39/Ø24) and 1 Scope Tool

ASSEMBLING the BEITER SCOPE Ø39

The Beiter Scope Ø39 is assembled as follows:

FRAME(**B**) - K-LENS (**C**) - O-RING (**D**) - THREADRING (**E**).

To fix the Lens use the SCOPE TOOL (**F**).

To install or extract Beiter Scope Pins, please use the Scope Pin Tool, included in each Scope Pin Kit.

The Beiter SCOPE Ø39

ACCESSORIES

FRAME KIT

The new Frame-System for the Beiter Scope Ø39 should help to center the peep easier, as well as aiming faster. Install one Frame (**B**) **before** the Lens (**C**) in the Scope Body.

The Frame-Kit consists out of one Frame each in following sizes :

- ⇒ Ø39/Ø34
- ⇒ Ø39/Ø30
- ⇒ Ø39/Ø26
- ⇒ Ø39/Ø24

WEATHERSHIELD

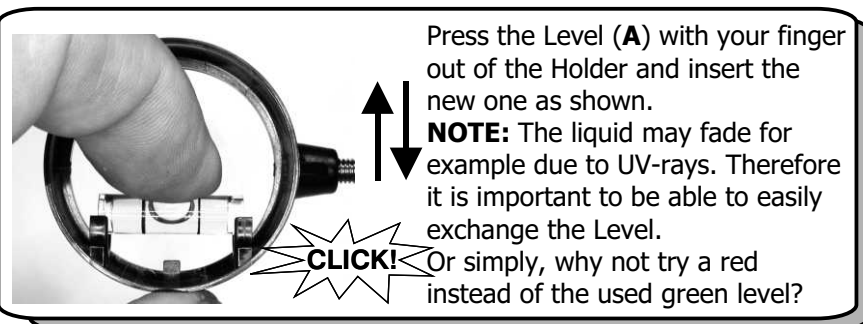

The Beiter Scope and Weathershield has the solution for shooting in the rain respectively strong sun: the Weathershield avoids the lens to become wet and if it is very sunny prevents the sun from blinding the archer. The Weathershield has to be fixed on the top of the scope with the black rings delivered with. It can be used by both left- and right-handed archers. Available colours: **Black, Red and Light**

HOW TO EXCHANGE THE LEVEL

The Beiter SCOPE Ø39

ACCESSORIES

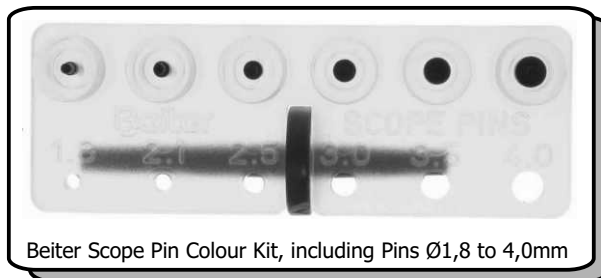

BEITER SCOPE PINS and RINGS for SCOPE PINS

Beiter Scope Pins have been developed for the use with the K-Lens (center hole Ø1,5mm) and offer one of the most advanced aiming systems on the market, as well as the fastest exchange of size and/or colour of the aiming device!

Beiter Scope Pins are available in following diameters:

**1,8mm - 2,1mm - 2,5mm - 3,0mm - 3,5mm -
4,0mm - 5,0mm - 6,0mm**

Available colours: Black, Red and White

Beiter Scope Pins may be ordered as single pieces or as a kit.

Following two Kits are available:

⇒ **Scope Pins Colour-Kit**

6 Pins, 1 per size 1,8-4,0mm in the ordered colour, Scope Pin Holder and Scope Pin Tool.

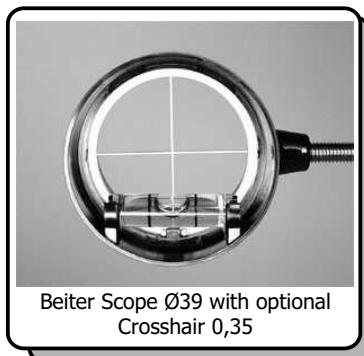

⇒ **Scope Pins Size-Kit**

6 Pins, 2 per colour in the ordered size 1,8-4,0mm, Scope Pin Holder and Scope Pin Tool.

IMPORTANT!

Beiter Scope Pins may also be used in combination with the Sight Tunnel Inserts #7 and #17!

CROSSHAIR 0,35mm

As all Beiter accessories, also the Crosshair 0,35mm can be installed and used in any existing Scope Ø39.

The Crosshair 0,35mm is extremely fine and can be used with or without lens.

It is available in a neutral colour, but it can be easily painted with a coloured marker.

Single Spare Parts	
SC7678BL	Scope Pin Tool, Blue
SC7683	Scope Pin Holder

The **Scope Pin Holder** helps to store not used Scope Pins, but also to determine the size of the Scope Pins.

The blue **Scope Pin Tool** is a useful tool to easily install and extract the Scope Pins from the K-Lens.

The Beiter SCOPE Ø39

ACCESSORIES

BEITER SCOPE PINS and RINGS for SCOPE PINS

RINGS FOR SCOPE PINS

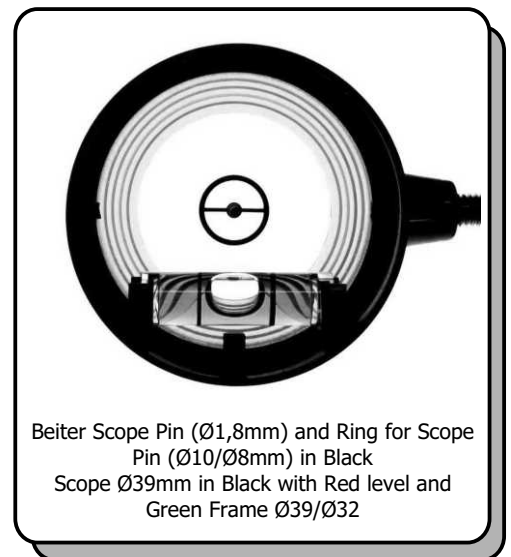

The Ring for Scope Pin must be inserted on the Scope Pin before it will be installed onto the lens. With this aiming option an archer can aim with dot and ring, which is highly appreciated in Field Archery and Indoor.

Thanks to the system developed by Werner Beiter, an individual set-up to the archers needs is possible. Not only the size of Ring and Pin can be easily exchanged, but also the colour.

Available as Colour Kit or Size Kit consisting out of 3 Rings either 1 ea. Ø8/Ø6, Ø10/Ø8, Ø12/Ø10 in the desired colour or 1 ea. colour in the desired size.

Colours: **Red, Black, Clear**

AVOID SCOPE ROD BREAKING!

To avoid the breaking of the threaded Scope Rod - due to the high stress caused by the sight during the shot - we recommend to use the Beiter Scope Adapter 5/8 in combination with a compatible 3rd Axis System!
